

Let's Build Your

Community Hub

You lead a complex community network

- Investing years into building relationships and trust
- Gathering, educating & encouraging through times of tremendous change
- Understanding the heart of your communities
 - their strengths and successes
 - their challenges and growing edges
- Standing with your people in struggles and celebrations
- Walking side by side as you create a future together

We get it organized

- Connecting people, groups, and organizations
- Surfacing best practices, talents, histories & inspiring stories
- Gathering and sharing quality resources
- Integrating various technologies, platforms and online presences
- **Launching your vision in as short as 2-3 months**
- **Affordably maintaining & scaling at your pace**

Features & Benefits

A one-stop-shop for Resource Portals across your network

- Easily assign people to curate Hub topics and host discussions
- Organize and share resources with a few clicks
- Limit visibility of topics and resources to relevant individuals and groups like boards and project teams
- **Support your leaders, creators and ambassadors**
- **Build capacity and commitment**

We found a wonderful partner in CommunityScape. They brought our vision to life. We were set up quickly and the platform is easy to use.
